

AMAIA'S DIARY

Week commencing on 1st June until 5th June

WHAT TRIPS ARE WE GOING ON?

5 year-old students went to the **Museum of Navarre** to learn about abstract paintings. Firstly, they looked carefully at two works of art trying to guess what they could see in them. They let their imagination run wild and they were able to describe a lot of images in those paintings.

Then, they had a paintbrush each, different colours (white, yellow, red and blue) and a white cork to make an abstract picture mixing their colours if they wanted.

The result was this beautiful and colourful collection of abstract works of art.

Students and teachers in **Year 4** went on a camp to spend three days to a little village in the mountains called Zerain, after having packed their sleeping bags, mountain boots, tracksuits and trainers.

They took part in a wide range of activities which were arranged beforehand. They walked in the mountains, they went to two “caserios” (typical houses in the Basque Country) to see how honey and cheese are made and they also visited some mines, a little prison and an ethnographic museum.

The weather was lovely and the food was delicious, so not only did they have a great time away from school, books, parents, brothers and sisters..., but they also learnt a lot of new things in contact with nature.

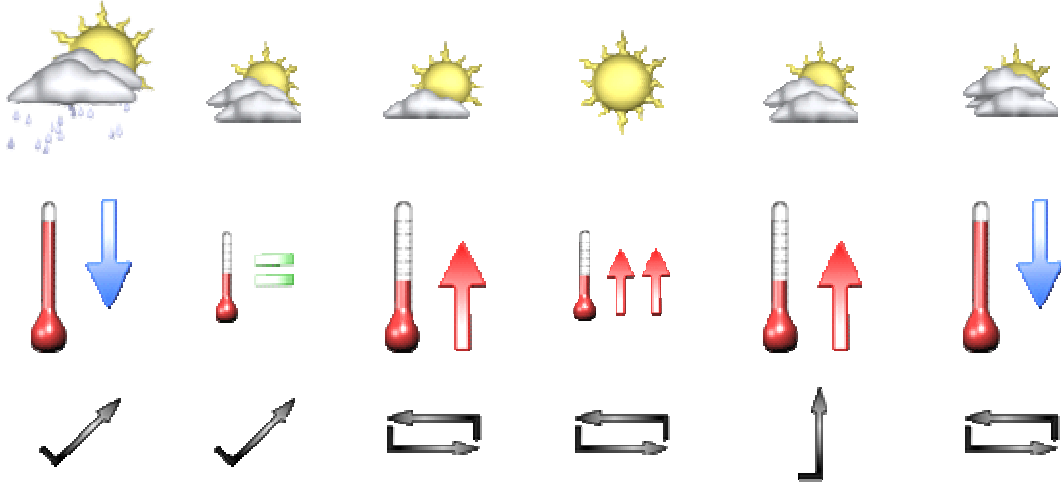

WHAT ACTIVITIES ARE CHILDREN AND AMAIA TAKING PART IN?

Students in **Year 1** are taking Amaia home for one day to look after her, to play and eat with her...and fill in a worksheet where they tick the activities they do with Amaia and the food they share, in order to make a Walking Book with it. They also have to take a picture with Amaia doing an activity for that book. When they come back to school, students have to tell the rest of the class if they had a good time or a bad time looking after Amaia, what they did and show them the picture. Of course, all of them enjoyed it and they were eager to take Amaia home and they were looking forward to having their chance.
