

Bravo's Diary

Week commencing 11th May until the 17th May

What are SATs?

This week at Beaver Road School, there is so much going on! Mr How has been trying to explain to me what SATs are? I thought they might have been a chocolate bar or nickname for satsumas (small oranges) but no....they are tests in Maths, English and Science for children in Year 2 and Year 6 in England. I have decided to try and get round all the classes to make everyone happy this week. Some parents do not think that SATs are a good idea and make too many children unhappy. They also say that too much time is spent revising for these tests. Mr How tells me that this might be the last year that all the children have to take these tests. The Government are thinking of better ways to find out if schools are doing a good job or not. Do you have tests like these in your country?

What trips are we going on?

Ok enough talk of tests, guess what trips I am going on this week... Year 2 are going to Manchester Museum to the exhibition of dinosaurs...Yes I did say dinosaurs. **The Manchester Museum** has got an exciting new exhibit that will amaze visitors of all ages - and thrill dinosaur fans! A skeleton of one of the most frightening of the predatory dinosaurs, T-Rex. The museum has bought a cast of one of the most complete skeletons in the world of the T-Rex from a museum in America.

Year 5 going to Styal Mill and Apprentice House which helps with their Victorian topic.

It is one of Britain's greatest industrial heritage sites, showing how a complete industrial community lived. We will see;

- Mill owner's picturesque private garden
- The most powerful working waterwheel in Europe
- Practical demonstrations in the mill
- Discover the effects of the Industrial Revolution on how we lived and worked
- Woodland and riverside walks provide a tranquil contrast

I am so excited I can't wait!!

So what's the weather been like in Didsbury, Manchester?

Mon May 11th

Clear

15°c (59°f)

Clear

4°c (39°f)

ENE 16mph (25kph)
