

We are the kids of class 1b.

We are 11 girls and 11 boys. Our campus consists of three buildings: the main building and two smaller buildings. The classroom of the 1b is in one of the smaller buildings. Mrs. Hausherr is our class teacher. She teaches German, Sports and Music. That's why we have got a piano in our room. We have already learned many letters and so we can read short sentences. In our English lesson we have already learned first words and easy songs and rhymes.
