

## **Hello friends in France, in Spain, in England and in Northern Ireland!**

We are class 2a of Europe School in Falkensee/Germany. There are 25 pupils in our class, 17 girls and only 8 boys. We are seven and eight years old.

Our class teacher is Mrs. Glismann. She teaches us in German, Maths, Art and also in English.

We all like to learn and sing and play together and help each other if it is necessary. In English we have already learned some words and we really like to sing English songs and play games like Bingo.

We have a lot of fun together and therefore we all enjoy school very much!

Hope to meet you in Falkensee some day!

Bye-bye!

Adiós !

Au revoir!
